SUBJECT:

REMARKS:

1. Attached are two documents: a package passed out at the 30 October WSAG outlining four subcommittees that are being set up to do necessary staff work over the next several weeks and a copy of my memorandum to the Director based on that package which he has approved. The sensitivity of these documents and need for holding them closely will, of course, be immediately apparent to you.

2. I am convening the first session of Working Group C in my office this afternoon (31 October) at 1600. DIA will be represented by Admiral [REDACTED] OSD by General Ott, NSA by Mr. [REDACTED] and State by an as yet unselected representative of Ray Cline. I would like to hold a brief internal caucus at 1500 to get our own house in order before we receive our colleagues from other community components.
